The Weather and the Crops.

We have now and then a sunny day. Winter with her northern blasts, seems to shoot back upon us, and the cold damps of the west winds chills our frames in a manner to demand the crackling fire in all of our stoves; and overcoats, this morning —June 22d,—are still in demand. The sky over head is lowery with portentious drizzel of cold rain. The western breeze makes the clouds scud with rapidity—thus holding out the hope that their lowering threatenings will be driven away to the east, to damp the raging spirit of war, so prevalent in that clime. Their chilling presence have froze to death the devouring weavel that has heretofore blasted the hope of the Farmer, and we could hope their mission were accomplished in full, to our fair country.

The weather has been such that the grass refuses to grow. The young Corn looks yellow and pinches the Tomatoes and Herbage of the fields and gardens have become stinted and dwarfed by the cold mantle our atmosphere perpetually wraps around them. The Spring and the winter wheat; the Rye and the Barley, however, with but few exceptions, are in a flourishing condition, and hold out the promise of a fair crop and a generous yield.

The Farmers are now busy cultivating their crops, and replanting where the frost and the coldness of the season, have disappointed them in their first efforts; and hope seems to cheer them to perpetual effort, while now and then the King of day sends forth her genial rays to gladden their prospects, in imparting his warmth to the earth, and making her pregnant with life, and a plentious yield.

THE ALLIES VICTORIOUS.—The Persia, which arrived at New-York last evening, fully confirms the reported success of the allies, and shows the Austrians are steadily retreating. The fact that the Emperor of Austria has called upon the Tyrolese to protect the frontiers, is a concession of defeat, and betrays his weakness for the future.

The Rock Island correspondent of the Chicago Press and Tribune says the Mississippi bridge at Rock Island was seriously injured on Saturday night by the crossing of a heavy train. The pier on the Iowa side draw was cracked from top to bottom, and two of the beams that support the bridge were broken. No trains have crossed since the accident.

It is now expected that the iron will be laid on the Mississippi and Wabash road from Warsaw to Carthage, Hancock Co., by the 4th of July next. It is already completed to within three miles of the latter place.

It is hinted that the New-York police have obtained knowledge of the existence in that city of an organized band of Thugs, who entrap the unwary into certain street dens, and there murder them for the booty on their persons, and afterwards endeavor to conceal their crime, by putting the bodies in the river. The alarming prevalence of dead bodies in the North and East Rivers is attributed to the doings of these villians.

MASONIC.—Utica Encampment No. 3, has, through Major Priest, received an invitation from Erie Commandery Knights Templars, to join them in an excursion to start from Buffalo, Thursday evening, at 7 o'clock, for the purpose of attending a grand celebration of St. John the Baptist's day at Cleveland, on Friday of this week, the (24th.) We understand the Major, and probably others, will attend from this city.

—Quimbo Appo, the Chinaman sen- [illegible] home in New York, for murder,

On Friday Mayor Swan of Baltimore received a despatch from Norfolk, stating that B. F. Flannigan, of Princess Anne county, Va., had been brutally murdered, and that Walter S. Land, of the same place, charged with being the murderer, had left Norfolk on Saturday evening for Baltimore, in company with his wife.—The parties are all highly respectable.—Land was arrested and expressed a ready willingness to go back and meet the charge.

It is expected that the trial trip of the Great Eastern, which has been dragging along for several years towards completion, which will take place in July, sailing from Weymouth, England, to the middle of the ocean and back again, to test her qualities under all possible conditions of sail and steam. Hundreds of workmen are now engaged.

Gov. James C. Jones, of Tennessee, declared in a letter published in the Memphis Bulletin, his position in regard to the Presidential Election in 1860. He says: "I speak for myself—*I am for Stephen A. Douglas for President of the United States in* 1860.

Meyer Goldsall was taken to New York city day before yesterday from St. Louis where he had been doing business, on a charge of false pretenses preferred against him by merchants in that city whome he is alleged to have defrauded by first obtaining several thousand dollars worth of goods on his own notes, and then pretending to fail, with a view to defraud his creditors. He was committed to the Tombs for examination before Justice Welsh.

The Syracuse Journal says the Democracy of Onondaga are about to establish a Democratic paper in that city.

BOLD OUTRAGE.—Last night, as three gentlemen were standing in front of Lovejoy's Hotel, they were accosted by an elderly man who asked to be directed to the Fourth-avenue cars, stating that he had on his person $700 in money and a gold watch, and that he was pursued by a party of ruffians who intended to rob him. Mr. John W. Martin, residing at No. 324 Ninth street, one of those accosted, advanced towards the cars with the old gentleman, when he immediately found himself assaulted by seven or eight desperate scoundrels, who knocked him down and otherwise maltreated him, while the old gentleman was carried off bodily. Mr. Martin called for the police, but only succeeded in finding one of them after going as far as the corner of Nassau-street and Maiden-lane. On returning to the spot where the assault was made, nothing was to be seen of the villains. What become of the old gentleman Mr. Martin was unable to surmise.—*N. Y. Times.*

A cold-blooded murder was committed in Bell County, Texas, on the 20th ult. Mr. Ashles, who had married a daughter of Murrell, the land pirate, killed a brother-in-law, McCormick, and wounded another man, who was standing near, then fled, and ended his own life by taking strychnine. He was a native of Kentucky; had left his home under unfavorable circumstances; and a short time ago wrote an autobiography, in which he involved some of the best and most respected citizens of Bell County.

THE RAILROAD WAR RE-OPENED.—The Cincinnati Commercial states that an informal meeting of the Representatives of the Cleveland and Toledo, Cleveland and Erie, Buffalo and State Line, and the Great Western Road of Canada, held at Cleveland on Monday, it was resolved to reduce the fare by all routs from Buffalo to St. Louis to $20, and to other Western ports in proportion. The present rate is a little more than $23. The officers of the Little Miami Road have protested against this reduction, and the final action of the Lake Shore Companies has not transpired. If the action as reported of the North and South Shore lines is adhered to, it will have a powerful influence against the permanence of the peace patched up in New York last week between the Atlantic Roads.—*Rochester Democrat.*

—The Pope is said to look most placidly on the present war. Cardinal Wiseman recently related a little speech of his Holiness, which is worth preserving. Here it is: "Whether in Rome or in exile, whether free or in prison, I am the same; shall still be the Vicar of Christ and the head of the Church."

—One thousand hogs have died within two weeks in the pens connected with the distillery of Samuel Billings & Co., in Troopsvill, Cayuga county. They are attacked suddenly and die in a short time. A post mortem examination shows the [illegible] intestines in good condi- [illegible] destroyed.

NEWS SUMMARY

—An attempt was made night before last, by a party of citizens on the 7th Avenue, New-York City, to hang a man named William Jordan, who had committed an infamous outrage on a little girl six years old. The gallows was erected, and a rope prepared, when the police interfered just in time to save his life. He is now in the custody, under the protection of the police, as the excitement against him is intense.

—By a vote of nearly two to one the Market St. Baptist Church of Zanesville, Ohio, has ex-communicated Mr. E. T. Cox, father of Congressman Cox and U. S. Marshal, because he obeyed the Fugitive Slave law.

—Sunday amusements are becoming popular in Chicago. The Daily Times says the German population, to the number of 6,000, assembled last Sunday at Cottage Grove and had a fine time, and estimates that on the same day not less than 3,000 persons of native birth attended the various amusements, in that city including the theatres.

—Going into battle by rail, is one of the peculiarities of the present war. At the battle of Montebello the allied supporters came into the field under the lead of locomotives, rapidly succeed trains each bringing up a brigade. The scream of the engine whistle must have mingled oddly with the rattle of musketry and the roar of cannon.

—The Fennimore Cooper Monument, proposed to be erected on the grounds of the Lake Wood Cemetery, will cost about $3,000, and $700 remains to be subscribed. The monument is to be Italian marble, 25 feet in height, with a granite base, surrounded by a statuette of Leatherstocking and appropriate devices upon its sides.

—A gentleman of Newburyport, Mass., has something like 100 toads, which he keeps in his garden to destroy insects. He has a house built for them, keeping them as he would chickens, and they are so tame that they will come at his call.

HAS NOW RE-FITTED IN A VERY splendid manner the SALOON next door east of Mrs Dunslow's Millinery Store, where he will prosecute the above business in all its branches.

He will keep a general assortment of Toilet and Fancy work, and execute to order such candies and ornamental designs as is demanding for parties of pleasure and Festivals generally.

Garibaldi has beaten an Austrian force at Brescia.

Five hundred Zouaves were killed and wounded at Mariguan.

The Austrian loss 1,500, and 1,200 men made prisoners. The battle lasted for nine hours.

The armies were preparing for another general engagement.

Official Austrian correspondence of the 10th, states that the Austrian army was continuing its retreat beyond the Adda, and its head quarters were at Cavat-tignosi, before Cremona.

It turns out that Canrobert was not wounded at Magenta.

All accounts give the great glory of the day to McMahon. He had no orders to proceed to Magenta, but heard the roar of battle, marched on and saved the army.

The Paris Moniteur of the 10th contains the following details: The concentration of our troops on the Po, deceived the enemy into the belief that we intend to cross the river. On the morning of the 4th 125,000 Austrians were in a position opposite the Emperor, and a Granadier division of the Imperial Guard was obliged to fight this disproportionate odds. All of our Generals displayed great energy.—Evans and Manellert, commanders of Grenadiers, are killed.

The bulletin thus describes the operations of McMahon: We lost 1,500 men, put 10,000 Austrians hors du combat, and made 5,000 prisoners. The Austrians had on their side four corps de armee.

The defeat of the Austrians at Magenta it is said produced immense sensation in Germany.

The correspondent of the Daily News gives the following details:

In less than two hours the allied monarchs had deployed 60,000 men against the Austrians whose force was 80,000, with a powerful artillery. They were compelled to move on a disadvantageous ground, as their left was turned by Canrobert's corps, supported by Fante division.

The Austrians were obliged to fall on the centre at Abbiate Grasso. The Austrians centre thus swelled by routed columns, their left wing was seen in disorder, and thousands fell crushed by French artillery. McMahon had now reached the scene, and seeing the moment had come to break the disordered centre of the Austrians, charged with an impetuosity seldom witnessed. He was supported by Durah's division, which stood in reserve, which moved slowly beside him. The dead and wounded were falling by thousands. The Austrians were routed and victory won.

The writer says 20 Austrian guns were taken.

The Zouaves had 700 killed and wounded. Canrobert's corps was almost destroyed in the last charge.

The Emperor and King were always in the thickest of the fight.

Benedek commanded the Austrians, 1,200 of whom were taken prisoners.

D'Urban is said to have effected a retreat by Cassano.

The Austrians evacuated Saveno, abandoning materials of war, and taking shelter in vessels in Swiss waters.

The King issued a proclamation to Lombardy, saying, independence having been secured, a regiment, both liberal and durable will be established. He eulogies Napoleon and calls on the Lombards to join them on the battle field.

The Post's Paris correspondent says over 4000 of the prisoners are Italians, who took the earliest opportunity to give themselves up. They were always placed in front and threatened by the Croats in the rear if they did not fight well. Many [illegible] the Allies, but have not

The Swiss Government ordered the immediate fortification of the Austrian frontiers.

Three Austrian armed transports, with vessels in tow, stopped in Swiss waters and surrendered.

The Emperor of Austria issued a proclamation to his subjects in Tyrol and Voralberg, calling them to arms, to defend the most righteous cause for which sword was ever drawn. He confides to them the task of defending the frontiers against the enemy, who made himself the ally of revolt against the legitimate dominion established by God.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, is to control only one ill, has but one aim, and accomplishes but one thing, to wit: subdue inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the unbalanced loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sure cause of inflammation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

MEDICINES.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

CONSUMPTION CURED!

DR. CHURCHILL'S DISCOVERY.

Winchester's Genuine Preparation of the chemically Pure Compound of the

HYPOPHOSPHITES

of LIME, and of SODA,

Originally discovered and prescribed by Dr. J. F. CHURCHILL, of Paris, as a Specific Remedy for

CONSUMPTION!

☞ The extraordinary results obtained in all stages of pulmonary disease by Dr. Churchill's new Treatment—the HYPOPHOSPHITES OF LIME AND OF SODA—remove all remaining doubt as to the inestimable value of this Discovery.—*Consumption is no longer to be regarded as an incurable malady.*

Many hundreds of physicians have already adopted this treatment with almost marvellous success. Let no Consumptive delay a moment to try it. It is their last hope!

Dr. Churchill says:

"I am anxious that the HYPOPHOSPHITES should be brought, as speedily as possible, into universal use, as I know that they will prove not only

As Sure a Remedy in Consumption
as Quinine is in Intermittent Fever but also
as Efficient a Preservative
as Vaccination in Small Pox.

"*In no instance have I found the remedy fail to produce everything that could reasonably be expected from it.*

"Out of twenty-two cases in the third or last stage, treated at my Dispensary, during the past year, eight have completely recovered, eight have died, and six are still under treatment. *Such a result is altogether unparalleled in the annals of Medicine.*"

☞ This Remedy is the most powerful generator of blood known, and is equally efficacious in all forms of Debility, Asthma, Bronchitis, Nervous Diseases, Chlorosis, Dyspepsia, and whatever depends on deficient vitality of the system.

Winchester's Genuine Preparation

is put up in large Bottles with the following words blown in the glass: "Dr. J. F. Churchill's Hypophosphites of Lime and of Soda.—J. Winchester, New York." Each bottle has also a *facsimile* signature.

☞ No other can be relied on as the pure Hypophosphites. Unless perfectly pure, they are not only useless, but positively injurious. No iron or other drug should be combined with them, or taken at the same time.

☞ Price, $1.00, or three bottles for $5.00, with full directions for use. A liberal discount to physicians and the trade. The Dry Salts furnished to the profession. Single bottles in concentrated solution sent by mail, when specially ordered. Sold wholesale and retail at the Sole General Depot in the U. S., 49 John Street. Let no one deceive you, but purchase and use only "Winchester's Preparation."

is now ready, and will be sent gratis to any Consumptive or Nervous sufferer in the U. S., on receipt of twelve cents in stamps to cover expense of postage. HERB DISPENSARY!

OFFICE 95 MAIN STREET,

(Corner, Up Stairs) Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or, Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community, dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.
